## WEDDING GIFT

It is handwrought silver throughout, not merely hammered in finish, and is 958/1000 fine.

It is fashioned by experienced silversmiths, under the supervision of America's foremost master craftsman in silver, with skill that rivals the cunning handiwork of the world's greatest artisans.

Each piece is individual (there are no duplicates) and consequently is most desirable for a distinctive gift.

The examples of this beautiful work which we show are sufficiently varied in size and treatment as to permit the expenditure of much or little money, as the purchaser may desire.

## Furniture of Elegance and Distinction

The possession of good examples of furniture style is not so much a matter of cost as it is of selection.

You solve this question by choosing designs of makers who are imbued with ideas of art, and whose creations are a source of pride to themselves.

In the making of upholstered furniture, it is rare to find makers who regard their productions as anything more than mere commercial furniture-merchandise simply made to sell. Otherwise these makers would stamp their names on their furniture for identification. But all these makers, save one, fail to mark their productions. All, save one, refuse to come forward and give you any guarantee of satisfaction. There is one firm which stands alone in offering you full protection on every purchase and that one—the maker of

### *Karpen* Guaranteed Upholstered Furniture

This furniture is of exquisite design. Whether the pieces be reproductions of examples of earlier centuries or their modernized adaptations, or original creations on classic lines, Karpen Furniture stands without a peer.

Our free Instruction Design Book F. A. has much information of an educational nature. Send for it. Read it and you will be able to choose with more appropriateness and make purchases with greater wisdom.

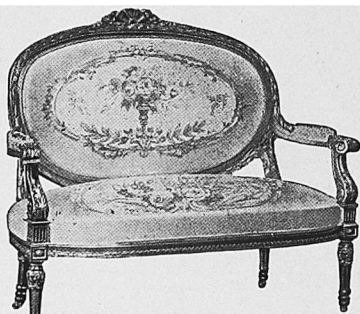

Permanent exhibits are maintained in the following cities and you are cordially invited to visit them.

# WHITE TOWN CARS

## Built Particularly For Women

THE White Forty Coupe is the pioneer woman's gasoline car. To the woman who drives, it offers the touring radius and flexible speed of the gasoline roadster, combined with the comfort, safety, and ease of operation of the electric brougham.

The left-side drive admits of easy access to the driving wheel from the curb. The White Electrical Starter, positive under all conditions, not only is operated by one simple motion from the seat, but also renders impossible the inconvenience of the engine being accidentally stalled. The lighting of the car, electric throughout, is likewise controlled from the driving seat.

The first of its kind, the White Coupe is the recognition of woman's demand for a clean, safe motor carriage for town and suburban use, having the grace, speed, and radius of travel which only a gasoline car can give. White Coupes are built in Thirty, Forty, and Sixty horsepower models.

# Old Dominion

*The New Colonial Pattern*

*VIRGINIA BORN.* It is said that no woman of the best Virginia blood can be ignored. You may love her or hate her, but you cannot overlook her.

One says the same thing of old Virginia silver. Its possession is the hall-mark of its owner.

Our *Old Dominion* represents a study of the Colonial plate of the best blood of Virginia—the Virginia of Washington and the Revolution. In its lines there is the distinction of birth, the refinement of breeding, the dignity of Southern aristocracy.

The pattern is offered complete — Dinner, Tea and Dessert Services — knives, forks, spoons and fancy individual and serving pieces.

Obtainable only from leading jewelers, and protected by the Gorham trade-mark on each piece.
